## Shaywitz <br> DyslexiaScreen

## GROUP SCORE SUMMARY

The Shaywitz DyslexiaScreen assesses the risk of dyslexia based on teacher observations and ratings of student behaviors. This group report both summarizes classroom data and provides complete lists of student performance by group and screening form. Each table provides a different view of the group's performance to help make instructional or other assessment decisions.

This table shows the number of students evaluated using Form 1, Form 2, and the total number of students assessed (with Forms 1 and 2). It also displays the number and percentage of assessed students who met the criterion for At Risk for Dyslexia (by form and overall) on a scale of 0 to 100 percent.

|  | Not At Risk Students |  | At Risk Students |  | Percentage of Assessed Students At Risk |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Form | Total | Percentage | Total | Percentage | 10 | 25 | 50 | 75 | 90 |
| Form 1 <br> 11 students | 8 | 73 | 3 | 27 |  |  |  |  |  |
| Form 2 <br> 7 students | 6 | 86 | 1 | 14 |  |  |  |  |  |
| Total Number of Students 18 students | 14 | 78 |  | 22 |  |  |  |  |  |

## Shaywitz DyslexiaScreen ${ }^{\text {TM }}$ Group Report

## Page 2

This table shows the number and percentage of students evaluated using Form 1 who met, or did not meet, the criterion score for At Risk for Dyslexia (categorized by sex, race/ethnicity, and English Language Learner (ELL) status). The percentage of assessed students at risk is displayed on a scale of 0 to 100 percent.

| Form 1 (Kindergarten) | Not At Risk Students |  | At Risk Students |  | Percentage of Assessed Students At Risk |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

For Form 1:
Note. To be classified as At Risk for Dyslexia, the teacher's ratings must indicate a sufficient level of risk on more than 3 items (i.e., a raw score of 4 or more).
For Form 2
Note. To be classified as At Risk for Dyslexia, the teacher's ratings must indicate a sufficient level of risk on more than 5 items (i.e., a raw score of 6 or more).
